

Types of Praying People

- 1. List Intercessors:** A passion for structure brings security and freedom for themselves, life for others, and answered prayers for others.
- 2. Issue Praying People:** Prayers inspired by injustices; stirred to weep and pound the table with passion.
- 3. Personal Prayer Shield:** Personal intercessors have a heart to pray for other people. They have a desire to serve others by praying for them (their leaders).
- 4. Warfare Intercessors:** Intercessors who pray in faith, boldness and confidence. Normally pray strong with a military might of prayer, fighting against the Devil's strongholds on people and places.
- 5. Government Intercessors:** Watchmen who pray for politics and the Church. These individuals find life in prayerfully upholding leaders in the church and in governments where destinies are forged.
- 6. Crisis Intercessors:** These people are moved by the urgent needs of others. They find life and encouragement by praying for those that are in danger or crisis.
- 7. Soul Intercessors:** These individuals stand in the gap for others who are in life-impacting decisions. They fight in prayer for others to be released into Christ and their destinies.
- 8. Prophetic Intercessors:** These are people that have a heart to see the unseen and to hear the unheard things of the Lord. They will then share them with other intercessors to pray over that situation.
- 9. Financial Intercessors:** Intercessors who possess God-given faith for funding others through prayer. Financial intercessors have been anointed by God to summon funds on behalf of others in prayer.
- 10. People Group Intercessors:** People that target and pray over certain nations, ethnic groups and language groupings.

11. Mercy Intercessors: People that do not look at the circumstances of an individual, but have the heart and desire to minister to the root of the person's pain.

12. Worship Intercessors: Inspired by worship in the presence of God. They long to worship and minister in prayer like Mary, sitting at the Lord's feet.
